Estimated Productivity Gains using Empower	Nothing accurately recorded but we have definitely seen big gains in productivity and accountability. I would estimate the gain in our factory productivity to be 35%

Key Points on Empower Software:

- We are very happy with the system as its working well
- Our factory staff have a tool in their factory PCs and Empower Software to bring their jobs in on time
- Management can see all jobs live and ensure the right jobs are being worked on and actual time is re tracking well against budgeted times on each job
- Empower makes both management and factory staff a lot more aware of times and a lot more accountable

Anyone is welcome to phone me to discuss Empower Software
